WHO WE ARE

A foundation in the service of knowledge.

Fundația „Study and Development” is a non-profit organisation based in Iași. It develops digital tools, training and projects for people, professionals and organisations, free of charge whenever possible.

Training

Courses and programmes for professionals and organisations.

Digital platforms

Tools already built and made available to those who need them.

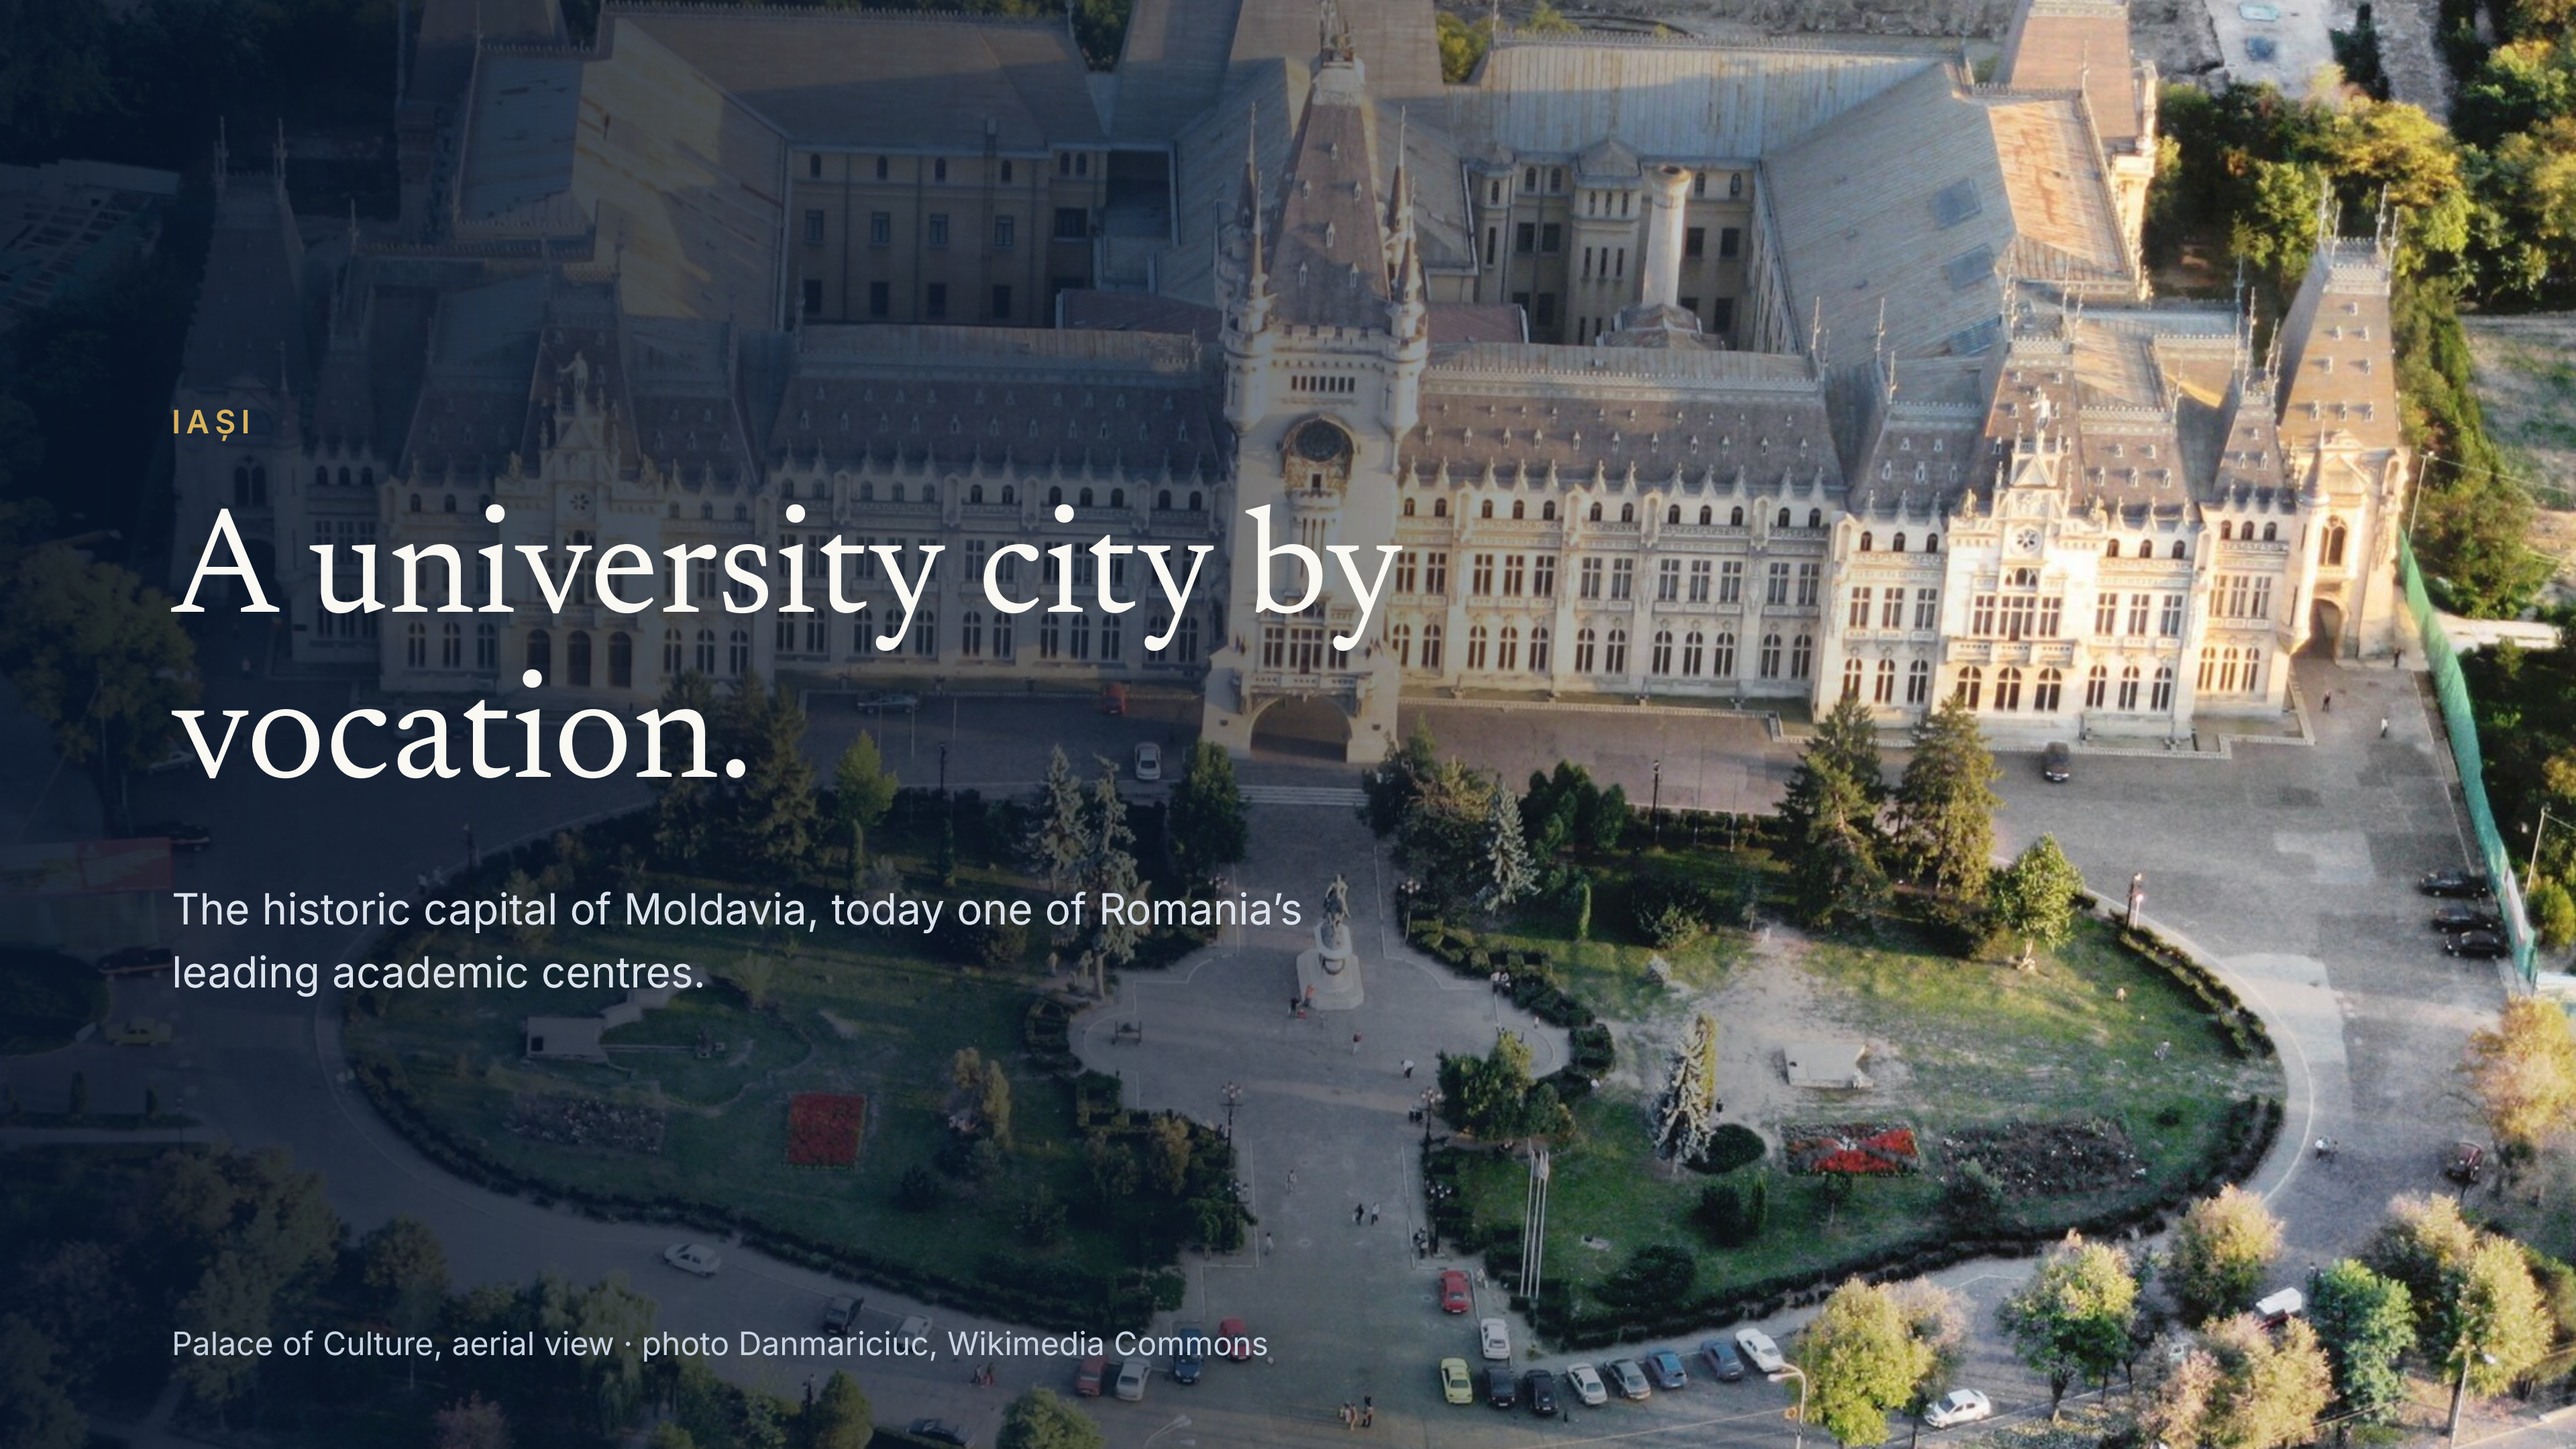

University project

A university in Iași combining on-campus, online and hybrid study.

IAȘI

A university city by vocation.

The historic capital of Moldavia, today one of Romania’s leading academic centres.

OUR PROPOSAL

We are looking for universities ready to bring their programmes to Iași.

From anywhere in the world, in the format, disciplines and timing that suit each of them.

POSSIBLE FORMATS

Four ways to be present in Iași.

01

Branch campus

A campus of your university, with your name and your programmes.

02

Joint or double degrees

Programmes shared with local partners, including double degrees.

03

Teaching or research centre

Laboratories, applied research, summer schools, advanced training.

04

Online and hybrid programmes

Distance learning with on-site periods in Iași.

We choose the format together.

A PARTNERSHIP

Each side brings its part.

You bring

- ✓ Your name and your reputation
- ✓ Your faculty and your programmes
- ✓ Your method and your standards

We bring

- ✓ The project and its vision
- ✓ Knowledge of the local landscape
- ✓ Relationships with local institutions
- ✓ Support on the ground

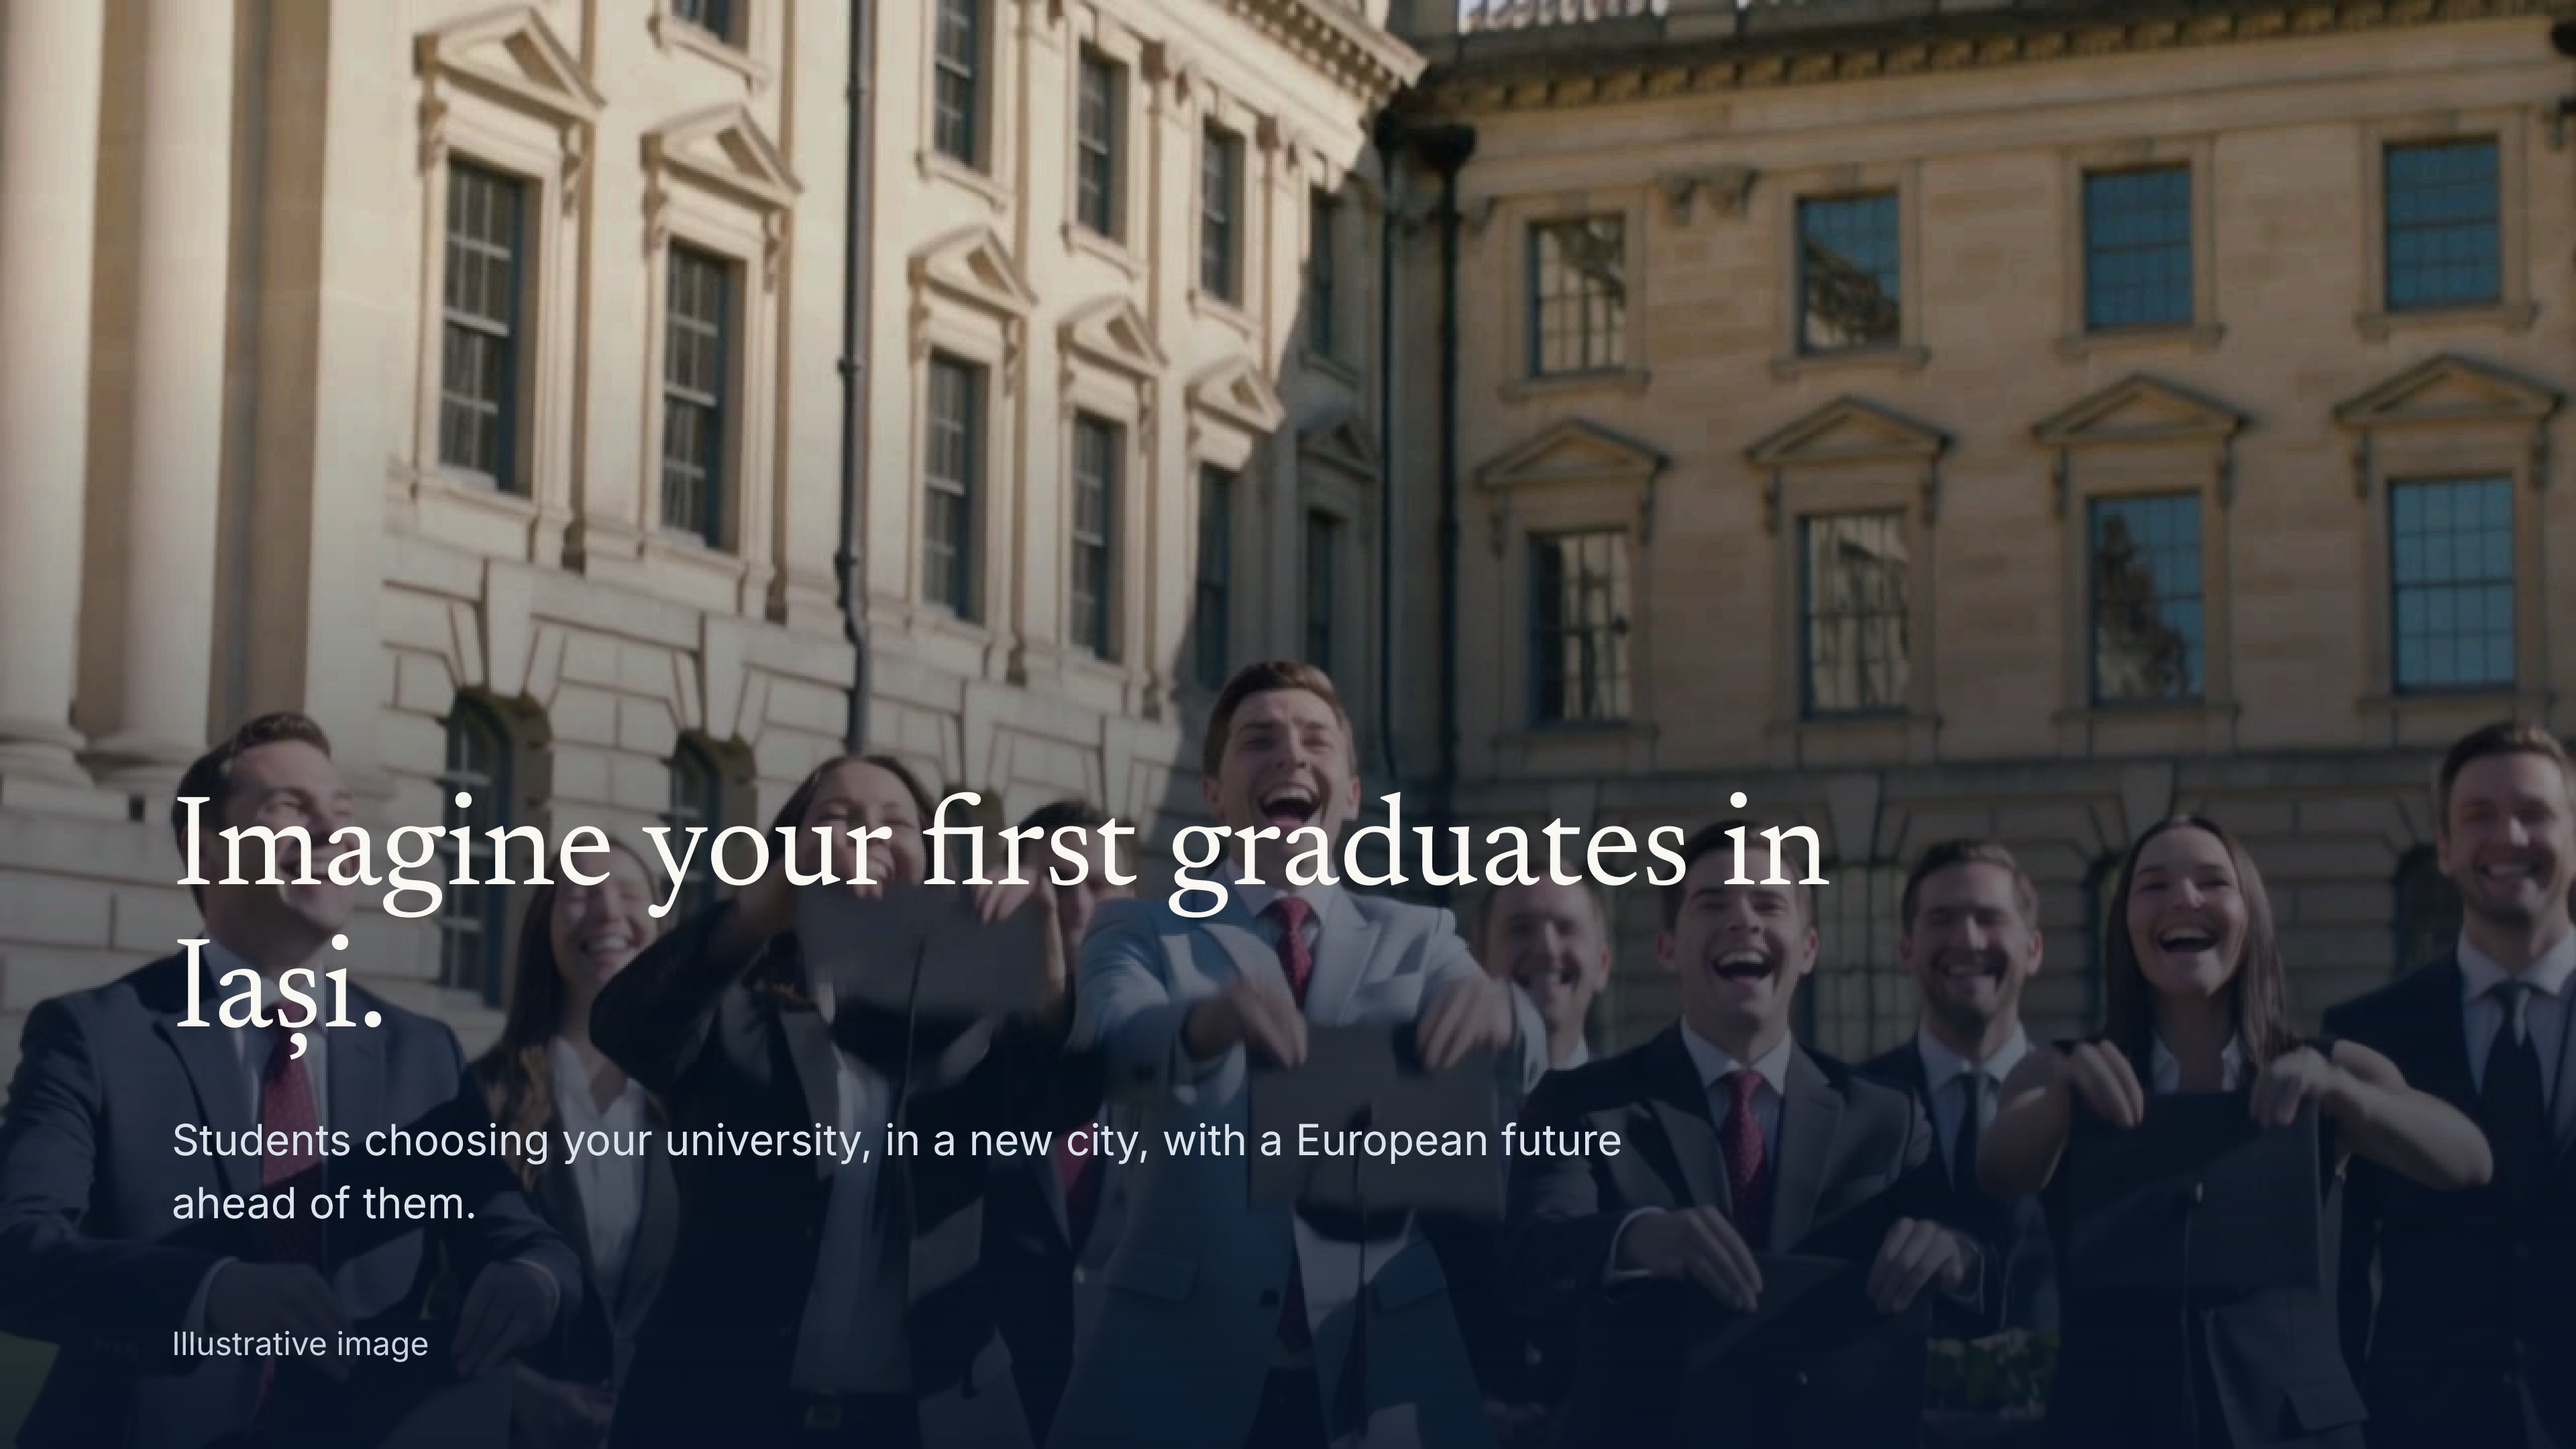

BY YOUR SIDE

We support you every step of the way.

- ✓ Relations with local and national institutions
- ✓ The authorisation and accreditation process required by Romanian law
- ✓ Finding and fitting out premises
- ✓ Local partners: companies, public bodies, organisations

HOW TO START

Four steps, no commitment.

1

Express interest

The form on studera.org takes a few minutes.

2

First conversation

We contact you to get to know each other and your project.

3

Assessment

Format, disciplines and timing, decided together.

4

Letter of intent

We formalise the understanding to start the process.

> Expressing interest is not binding: it opens a dialogue.
